PROCEEDINGS
of the Union of Scientists – Ruse

ISSN 1311-9184

The Ruse Branch of the Union of Scientists in Bulgaria was founded in 1956. Its first Chairman was Prof. Stoyan Petrov. He was followed by Prof. Trifon Georgiev, PhD, Prof. Kolyo Vasilev, PhD, Prof. Georgi Popov, PhD, Prof. Mityo Kanev, PhD and, since June 2001, Prof. Georgi Popov, PhD again. Since April 2005 Assoc. Prof. Boris Borisov has been chosen as the Chairman of the Board of Directors. The individual members number nearly 300 recognized scientists from Ruse, organized in 12 scientific sections. There are several collective members too – organizations and companies from Ruse, known for their success in the field of science and higher education, or their applied research activities. The activities of the Union of Scientists – Ruse are numerous: scientific, educational and other humanitarian events directly related to hot issues in the development of Ruse region, including its infrastructure, environment, history and future development; commitment to the development of the scientific organizations in Ruse, the professional development and growth of the scientists and the protection of their individual rights.

The Union of Scientists – Ruse (US – Ruse) organizes publishing of scientific and popular informative literature, and since 1998 – the "Proceedings of the Union of Scientists-Ruse".

Contents

Introduction	5
The TTO – an essential future unit in the structure of Ruse University	7
Mathematics	
T. Melton, A Vatsala	11
Generalized quasilinearization method and fourth order of convergence for integro- differential equations	
Ts. Rashkova	20
Robson cubics for second order matrix algebras with involution	
Informatics	
D. Atanasova	24
Model of an expert system in steel welding	
G. Krastev	29
Research on alternative models of test control	
Physics	
N. Nancheva	34
Video clips in physics education	
T. Fuller, G. Krumova	41
Adaptive learning instruments	
A. Aleksandrova, S. Stoyanov, N. Nancheva	49
Simulation physics laboratory integrated in the "Moodle" learning management system	
E. Mechlova, V. Mazurova, L. Kubincova, A. Aleksandrova	54
Practical usage of computers in the education of mechanics	
Education	
R. Ovcharova, M. Teodosieva	58
Technologies for application of information communication tools in teaching different educational courses	
Sv. Todorova, M. Teodosieva	63
Website on the course of "Fundamentals of logic design"	
I. Atanasov, D. Atanasova	69
Multimedia system in CAD/CAM training	
Tsv. Georgiev, V. Evtimova	74
Systems of linear equations – a multimedia teaching course	
V. Evtimova, Tsv. Georgiev	79
Ordinary differential equations - a multimedia teaching course	

Proceedings of the Union of Scientists – Ruse

Contains five series:

Technologies**..... 101

INTRODUCTION

In the year 2006 the Union of Scientists – Ruse celebrated its 50-th anniversary. The former section of Physics and Mathematics, recently expanded to a Section of Mathematics, Informatics and Physics, has taken active part in the Union's activities for the last 30 years. Its members work in numerous branches of science. We will mention only a few of them – algebra, differential equations, geometry, expert and CAD-CAM systems, web-design, nuclear physics, applications in education.

The publication of this volume, entirely written in English, is our contribution to the future successful cooperation with the scientific community in the European Union, especially after 1st January, 2007.

Assoc. Prof. Tsetska Rashkova, PhD Chairman of the Section

Desislava Atanasova, MSc Secretary of the Section

BOARD OF DIRECTORS OF THE US - RUSE

1. Assoc. Prof. Boris Borisov - Chairman
2. Assoc. Prof. Veselin Grigorov – Vice-Chairman
3. Assoc. Prof. Valentin Stoyanov – Secretary in Chief

SCIENTIFIC SECTIONS WITH US - RUSE

1. Prof. Dr. Rusko Shishkov – Chairman of "Machine-building sciences and Technologies" scientific section
2. Assoc. Prof. Iliya Muhtanov – Chairman of "Agricultural Machinery and Technologies" scientific section
3. Assoc. Prof. Rusi Rusev – Chairman of "Transport" scientific section
4. Assoc. Prof. Ivan Evstatiev – Chairman of "Electrical Engineering, Electronics and Automation" scientific section
5. Senior research associate Lyuba Nenova – Chairman of "Agrarian sciences" scientific section
6. Svilen Dosev, MD – Chairman of "Medicine and Dentistry" scientific section
7. Senior research associate II Vladimir Hvarchilkov, veterinary doctor – Chairman of "Veterinary Medical Sciences" scientific section
8. Assoc. Prof. Yordanka Velcheva – Chairman of "Economics and Law" scientific section
9. Assoc. Prof. Tsetska Rashkova – Chairman of "Mathematics, Informatics and Physics" scientific section
10. Assoc. Prof. Zlatozhivka Zdravkova – Chairman of "History" scientific section
11. Assoc. Prof. Dimitrina Ignatova-Tsoneva – Chairman of "Philology" scientific section
12. Assoc. Prof. Penka Angelova – Chairman of "European Studies" scientific section
13. Assist. Prof. Miglena Pencheva – Chairman of "Associate Members" scientific section

CONTROL PANEL OF US - RUSE

1. Prof. Krustyu Papazov – Chairman
2. Assoc. Prof. Nikolai Kotsev
3. Assist. Prof. Ivanka Dimitrova

EDITOR IN CHIEF OF "PROCEEDINGS" OF US - RUSE

1. Prof. Ivan Parashkevov

Assoc. Prof. Svetoslav Jordanov Bilchev, PhD

***60 YEARS OF AGE,
45 OF WHICH DEDICATED
TO
MATHEMATICS***

Congratulations

Dear Slavy!

CURRICULUM VITAE

NAME : SVETOSLAV JORDANOV BILCHEV

DATE AND PLACE OF BIRTH : 30. 09. 1946, Ruse, Bulgaria

AGE : 60.

STATUS: Married with 26 years old daughter **MARINA**, bachelor of “**Business Mathematics**” at The University of Waterloo and Wilfrid Laurier University, Waterloo, Canada.

LANGUAGE PREPARATION : Russian - excellent, English - very good, German - good, Serbian, Romanian, Polish, Hungarian - free reading of mathematical literature.

EDUCATION :

SECONDARY – 1964 : High school “Baba Tonka”- Ruse.

PARTICIPANT in Two International Mathematical Olympiads - 5th IMO in Wroclaw, Poland, 1963, and 6th IMO in Moskow, USSR, 1964. Winner of two third prizes.

HIGHER - 1969, Mathematics (Specialization - Differential Geometry), Moskow State University “M. V. Lomonosov”, Mechanics Mathematics Faculty.

PhD THESIS - 1975, Mathematics – “Geometry of Partial Hyperbolic Systems of Two Equations With Two Independent Variables”, Scientific Council of The Unit Center for Science and Preparing of Scientists of Mathematics and Mechanics, Sofia.

HABILITATION - 1979, Associate Professor of Mathematics in VIMMESS (now RU), Ruse. Elected by the Scientific Council of the Center of Applied Mathematics in VMEI, Sofia, December 14, 1979.

WORKING PRACTICE : More than 36 years, from August 01, 1969, only in The University of Ruse (VIMMESS, VTU, TU, RU).

SPECIALIZATIONS ABROAD : USSR, Russia, Greece, Norway, England, Italy, Israel.

INTERNATIONAL PROJECTS : TEMPUS JEP No 04016 – “Creating a Department of Applied Mathematics and Informatics” – COORDINATOR; PROJECT ERB 4061 PL 95 - 0796 (SPADE) – “Sequential and Parallel Algorithms for the Solution of Non-linear Differential Equations (with applications in the biomedical sciences and chemistry)”; PROJECT EURECA – “Mathematical Modeling and Investigation of Process in Medium Voltage Network Regarding the Consumption Reduction of Energy - Intensive Users”; PROJECTS - ERASMUS, COPERNICUS for The RU, Bulgaria, University of Ioannina, Greece, and Brunel University of West London, England; PROJECT “MATHEU” of the MATHEMATICAL ASSOCIATION of the SOCIETIES of SOUTH - EASTERN EUROPE – “MASSEE” – taking part as an expert from the UNION of BULGARIAN MATHEMATICIANS (UBM), PROJECT “CEEPUS H - 0127 - 04 - 07” – lecturer, etc.

TAKING PART IN THE PREPARING OF TEAMS FOR I M O : Member of The Bulgarian National Time for Extracurricular Work of Mathematics from 1981, preparing of The Greece National Team from 1987, preparing of The England National Team – 1995.

TAKING PART IN THE INTERNATIONAL ACTIVITIES DURING THE LAST YEARS :

1. ICME 6, 7, 8, 9, 10 - International Congress on Mathematical Education - 6 (Budapest, Hungary, 1988), 7 (Quebec City, Canada, 1992), 8 (Seville, Spain, 1996), 9 (Tokyo - Makuhary, Japan, 2000), 10 (Copenhagen, Denmark, 2004).

2. WFNMC CONGRESS 1, 2, 3, 4 - Congresses of The World Federation of National Mathematics Competitions - 1st (Waterloo, Canada, 1990), 2nd (Pravetz, Bulgaria, 1994), 3rd (Zhong Shan, China, 1998), 4th (Melbourne, Australia, 2002).

3. **THE UBM CONFERENCES** - The Union of Bulgarian Mathematicians Winter Conferences - from **1971 till now**.

4. **10th , 11th , 15th , 18th and 21th Panhellenic Congresses on Mathematical Education of the Greek Mathematical Society** - Kalamata, December 17-19, **1993**; Kerkyra, December 16-18, **1994**; Samos, **1998**; Rodos, **2001**; Trikala, November 19-21, **2004**.

5. **The U. K. Mathematics Foundation Summer School, Oxford, Queens College**, July 4 - 6, **1995**.

6. Second International Conference on Mathematics “**Work With Distinguished Students**”, **Varna, Bulgaria**, May 30 - June 2, **1997**.

7. **3rd Mediterranean Conference on Mathematical Education, Athens - Hellas**, 3 - 4 - 5 January, **2003**.

8. **3rd International Conference: Creativity in Mathematics Education and The Education of Gifted Students**, University of Ruse, **Ruse, Bulgaria**, August 3 - 9, **2003**.

9. **International Congress MASSEE ' 2003**, Borovets, **Bulgaria**, September 15 – 21, **2003**.

10. **Fourth Panhellenio Sinedrio** : Aristarhos o Samios, Pithagorion and Karlovassi, **Samos, Greece**, October 17 - 19, **2003**.

11. **Thirty Third Spring Conference of the Union of Bulgarian Mathematicians**, Borovets, **Bulgaria**, April 1 - 4, **2004**.

12. **CASTME International and CASTME Europe Conference “Linking Science, Mathematics and Technology Education and Their Social Relevance”**, **Cyprus**, April 15 – 18, **2004**.

13. **10th International Conference On Mathematical Education (ICME -10)**, Copenhagen, **Denmark**, July 4 – 11, **2004**.

14. **Scientific Conference “60 Years Union of Scientists in Bulgaria”**, October 29 – 30, 2004, University of Ruse, Union of Scientists – Ruse, Section “Pedagogy and Psychology”, **Ruse**.

15. **21ο Πανελληνιο Συνεδριο Μαθηματικησ Παιδειασ – 21th Panhellenic Conference On Mathematical Education**, Greek Mathematical Society, Trikala, **Greece**, November 19 - 20 - 21, **2004**.

16. **4th Mediterranean Conference On Mathematical Education**, Italian Mathematical Society, Cyprus Mathematical Society, January 28 - 30, Palermo, **Italy**, **2005**.

17. **International Conference on Mathematics Education**, 3 – 5 June 2005, Svishtov, **Bulgaria**, Sofia, **2005**.

SCIENTIFIC INTERESTS (AREAS) : Geometry, Differential Geometry, Partial Differential Equations and Systems, Ordinary Differential Equations, Differential Games, Mathematical Models in Economics, Oscillations of Neutral Differential Equations, Air Electric Nets, Geometric Inequalities, Transformations, Mathematics Education, Education of Talented Pupils and Students, Mathematical Competitions and Olympiads .

SCIENTIFIC PAPERS : **Over than 143 scientific papers (56 in Bulgarian, 52 in English, 33 in Russian, 1 in Greek and 1 in Spanish languages), 10 books (5 in Bulgarian, 4 in English, 1 in Russian languages) and more than 17 problems**, published in **Bulgaria, Australia, Canada, USA, Greece, Suisse, Yugoslavia, Croatia, USSR, Russia, Germany, Romania, Singapore, Iran, Cyprus, Latvia, Italy, Spain**.

AWARDS :

1. **LAUREAT OF THE SECOND BALKANIAD** for Young Scientific Researchers, Athens, Greece, **1972**.
2. **GOLDEN SIGN** of the Former Society for Disseminating of Scientific Knowledge "Georgi Kirkov", Sofia, **1983**.
3. **MEDAL "KIRIL AND METODII"** - III Degree, **1985**.
4. **MEDAL "KIRIL AND METODII"** - II Degree, **1986**.
5. **OUTSTANDING PERSON** of the Ministry of National Education, Sofia, **1986**.
6. **HONORARY PLATE "RUSE"** and **DIPLOMA** from the Major of the Municipality of Ruse, **1999, 2000** and **2003**.
7. **MANY OTHER DIPLOMAS and AWARDS** – since **1963** till now.

Awarded with the noted above awards (2.-7.) for more than 36 years educational and leading work with talented students of mathematics in Ruse and in many other cities in Bulgaria, Greece, England, USSR, Italy, etc. *More than 25 students from secondary schools in Ruse taking part in the International Mathematical Olympiad.* Some of them now are Doctors, Associate Professors and Full Professors of Mathematics and informatics in Bulgaria and abroad (USA, Canada, England, France, etc.).

8. **DIPLOMA** and a **MEDAL** from the **Union of Latvian Mathematicians** and the **Institute of Mathematics and Informatics** from the **Latvian Academy of Sciences**, August, **2003**.
9. **THE FIRST "MERITORIUS" AWARD** as a mentor and as a creator of the **Project for Creating of Didactical System of Problems on the Theme : " $x^2 \geq 0$ " in The Competition "Best Practice in Education" (18 E. 16th Street, NEW YORK, NY 10003, USA), 2003.**
10. **ASSOCIATE INVITED PROFESSOR** of the **North University of Baia Mare, BAIAMARE**, Romania, September 30, **2003**.
11. **THE FIRST GOLD SIGN** of the **UNIVERSITY of RUSE**, 21.11.2006.

MEMBER OF :

1. **The Union of Bulgarian Mathematicians.**
2. **The Union of Bulgarian Scientists.**
3. **The American Mathematical Society.**
4. **The World Federation of National Mathematics Competitions.**
5. **The Lions Club International - Ruse.**
6. **The Editorial Board of the Carpathian Journal of Mathematics**, published by Department of Mathematics and Computer Science, **North University of Baia Mare, Baia Mare, Romania** from **1998**.
7. **The Broad Editorial Board of the Journal of Mathematics and Informatics**, Sofia.
8. **The Bulgarian National Committee for the International Union of Mathematics** from **1999**.

PROFESSIONAL REALIZATION: From **1969** year till now – **Mid assistant (1969), Assistant (1969), Senior Assistant (1972), Chief Assistant (1975), Associate Professor (1979), Chairman of Department, Vice Director and Director of The Center of Mathematics, Dean of the Pedagogical Faculty of The University of Ruse (1994 - 2003). Chairman of the Department of Algebra and Geometry from February 2004.**

PUBLICATIONS DURING THE LAST 15 YEARS

1. **Bilchev, Sv.** The “AHA” Triangle: **Arystarh** from Samos, **Hyparh** from Nykkeya, **Arystarh** from Moskow”, “Πρακτικά”, Fourth Greek Congress “**Arystarh from Samos**”, Pithagorion and Karlovassi, **Samos, Greece**, October 17 - 19, **2003**, 255 – 266.

25-TH ANNIVERSARY
DEPARTMENT OF
INFORMATICS AND
INFORMATION TECHNOLOGIES
ANGEL KANCHEV UNIVERSITY OF RUSE

CONGRATULATIONS DEAR COLLEAGUES!

The Department of Informatics and Information Technologies at Angel Kanchev University of Ruse completed its 25th anniversary in 2006. It was founded in February 1981 as a sector of Informatics within the Center of Mathematics then having the rank of a faculty to the former University “VIMMESS” (Institute of Mechanical Engineering, Mechanization and Electrification of Agricultural Machinery). It involved 5 members and was headed by the Assoc. Prof. Marko Todorov, PhD. The main objective was teaching Programming to students from all specialties.

Today, the Informatics and Information Technologies (IIT) Department constitutes a part of the Faculty of Natural Sciences and Education, newly established in 2006. The full staff consists of 18 lecturers, 2 system programmers, a technical assistant and a study process organizer. The lecturers comprise 3 associate professors, 6 PhDs, 5 assistant professors working on PhD degree. At the University of Ruse (UR) the IIT Department is known with its benevolent microclimate that is much owed to the long-term contribution of its Head – Prof. Varban Iliev, PhD who has recently retired, but actively supports the education process.

Teaching Programming and Information Technologies to students from all specialties is still a function of the IIT Department, but not the main one. The Department efficiently participates in the curriculum development and the teaching process of two new specialties established as a result of educational projects of EU’s TEMPUS program - Mathematics and Informatics, starting from 1992 and Information Technologies, starting from 1993. At present, it is the specializing department for IIT students who deepen their knowledge in software engineering and software application following a curriculum that is in accordance with the modern demands of the software industry. The IIT Department conducts several master degree courses, the most popular being the course for “Teachers of IIT”.

An important factor for the teaching process quality is the modern equipment, available thanks to the assistance and support of UR authorities. A wide range of computers has been used for ensuring effective teaching results. It began with EC1020 followed by mini computing machines such as PDP11, VAX, and various personal computers starting with Pravetz 8 and nowadays using modern ones. Today, for educational purposes, the Department has on its disposal 6 well-equipped computer labs and contemporary software systems. The local computer network was established in 1994.

To ensure an efficient education process and provide students with learning materials for self-dependent work, the department staff worked out more than 50 lecture notes and tutorials. Most of them are already published on the university e-learning site <eLSe>.

The IIT Department members carry out scientific research with results announced in hundreds of publications in scientific national and international journals, or reported on national and international conferences. They work on a significant number of investigation projects of various national and European programs – more than 100 projects funded by national organizations and 11 projects funded by programs of EU, IBM and other international organizations.

A notable research achievement of the Department is the software system for programming of CNC machines, developed by a team under the direction of Prof. V. Iliev in the period of 1983 – 1991. The authors were awarded with a gold medal in 1986 at the Plovdiv autumn fair, and with gold signs at several software exhibitions. It successfully competes with similar software systems developed in the European countries and Japan. More than 50 companies and scientific institutes in Bulgaria and the former USSR and GDR implement it.

An important extra-curriculum activity is the preparation and performance of student competitions in Programming, as well as the leadership of UR’s student teams participating in national student competitions.

The 25th anniversary of IIT Department was celebrated on 8th of December at Angel Kanchev University of Ruse. It was a wonderful occasion for drawing up a balance of all the work done, for feeling proud of the results and for motivating future achievements.

Requirements and guidelines for the authors - "Proceedings of the Union of Scientists - Ruse"

The Editorial Board of "Proceedings of the Union of Scientists - Ruse" accepts for publication annually both scientific, applied research and methodology papers, as well as announcements, reviews, information materials, adds. No honoraria are paid.

The paper scripts submitted to the Board should answer the following requirements:

1. Papers submitted in Bulgarian, Russian and English are accepted. Their volume should not exceed 8 pages, formatted following the requirements, including reference, tables, figures and abstract.
2. The text should be computer generated (MS Word 6 for Windows or higher versions) and printed in one copy, possibly on laser printer and on one side of the page. Together with the printed copy the author should submit a disk (or send an e-mail copy to: sumag@ami.ru.acad.bg).
3. Compulsory requirements on formatting:
 - font - Ariel 12;
 - paper Size - A4;
 - page Setup - Top: 20 mm, Bottom: 15 mm, Left: 20 mm, Right: 20mm;
 - Format/Paragraph/Line spacing - Single;
 - Format/Paragraph/Special: First Line, By: 1 cm;
 - *Leave a blank line under Header - Font Size 14;*
 - Title should be short, no abbreviations, no formulas or special symbols - Font Size 14, centered, Bold, All Caps;
 - *One blank line;*
 - Name and surname of author(s) - Font Size: 12, centered, Bold;
 - *One blank line;*
 - Name of place of work - Font Size: 12, centered;
 - *One blank line;*
 - abstract – no formulas - Font Size 10, Italic, 5-6 lines ;
 - key words - Font Size, Italic, 1-2 lines;
 - *one blank line;*
 - text - Font Size 12, Justify;
 - reference;
 - contact address - three names of the author(s) scientific title and degree, place of work, telephone number, E-mail in the language of the paper.
4. At the end of the paper the authors should write:
 - The title of the paper;
 - Name and surname of the author(s);
 - abstract;
 - key words.

Note: If the main text is in Bulgarian or Russian, parts in item 4 should be in English. If the main text is in English, they should be in Bulgarian.
5. All mathematical signs and other special symbols should be written clearly and legibly so as to avoid ambiguity when read. All formulas, cited in the text, should be numbered on the left.
6. Figures (black and white), made with some of the widespread software, should be integrated in the text.
7. Tables should have numbers and titles above them, centered right.
8. Reference sources cited in the text should be marked by a number in square brackets.
9. Only titles cited in the text should be included in the reference, their numbers put in square brackets. The reference items should be arranged in alphabetical order, using the surname of the first author, and written following the standard. If the main text is in Bulgarian or Russian, the titles in Cyrillic come before those in Latin. If the main text is in English, the titles in Latin come before those in Cyrillic. The paper cited should have: for the first author – surname and first name initial; for the second and other authors – first name initial and surname; title of the paper; name of the publishing source; number of volume (in Arabic figures); year; first and last page number of the paper. For a book cited the following must be marked: author(s) – surname and initials, title, city, publishing house, year of publication.
10. **the author(s) and the reviewer, chosen by the Editorial Board, are responsible for the contents of the materials submitted.**

Important for readers, companies and organizations

1. Authors, who are not members of the Union of Scientists - Ruse, should pay for publishing of materials.
2. Advertising and information materials of group members of the Union of Scientists – Ruse are published free of charge.
3. Advertising and information materials of companies and organizations are charged on negotiable (current) prices.
